

INTRODUCING

Comprehensive Application for Antimicrobial Elimination and Surface Protection

Product maintains complete effectiveness for six hours. Additional properties beyond its antimicrobial disinfectant provides odor protection and is the safest and most comprehensive shopping cart sanitization solution available!

Touch-Free Shopping Cart Sanitation System with

Eco-friendly Disinfectant COMPLETELY DESTROYS BACTERIA • VIRUSES • FUNGI • MOLD

PROTECTIVE SHIELD FOR ALL SURFACES

Our new machine simplifies the task of DISINFECTING your shopping carts by allowing your Cart Attendant to simply push nested carts through the automatic spray system at the same time they are corralling your carts for reuse.

Simple! Easier and more effective than hand wiping!

 Nested Carts are 100% Sanitized on ALL Surfaces using our Patent Pending equipment that can clean as many carts as you can physically get through the machine as fast as you can push them!

 Garden Hose Powered Sanitizer Pump allows you to set up the Sani-Cart in ANY location you have a water supply (Automatic Use requires a 110V outlet).

 Operating costs are less than you are currently spending, and engineered spray pattern provide optimal coverage!

 ROI in less than six months! Safe for use in parking lots and store entrances.
